

QuantumBins.com Your *"Keep it simple"* bin & shelving supply resource!

How to Order a Quote including all the delivery costs.

Ordering a no-obligation quote is really quite simple. No credit card information is required.

Select and highlight the product(s) you have interest and then click the **"Buy Now"** button to place those products into the shopping cart. Continue to place products you are considering into the shopping cart until you have selected all the products you want quoted then click the **"Go to Payments"** button located at the bottom of the shopping cart page. The system will then request the shipping address information.

Once the address information is entered then touch the "Continue" button located at the bottom on the page. You will then see the product and address information again for you to review. If no changes are necessary then touch "Continue" again to go to the next page and simply select the **"Quote Request"** option button. You will be E-mailed a confirmation that you requested a quote. No credit card information is required.

We understand this is not an order ... it is simply a quote request. You will be E-mailed a "Quote Sheet" that includes all the delivery costs. If you have questions about this process simply E-mail us at Office@[QuantumBins.com](mailto:Office@QuantumBins.com) Or call toll free 866-654-4808. Thank you.

QuantumBins.com is one of the **MainStreetE.com** owned & operated family of on-line stores.
